D. WILLSON JANUARY.

After an illness of some four months, which he bore with patience and resignation, D. Willson January passed gently to sleep at the home of his mother yesterday afternoon at 5:30 o'clock.

The deceased was born in Flemingsburg September 12th, 1870, being the eldest son of Horace and Louie January. He was a grandson of the late A. M. January of this city and David Willson of Flemingsburg.

He married Miss Margaret Steele Andrews, daughter of James Andrews of Flemingsburg, who preceded him to the grave two years ago June 9th.

Mr. January was a Clerk in the Exchange Bank for twelve years and for four years filled a similar position in the Farmers' Bank, both located at Flemingsburg, was appointed Clerk in the Postoffice in this city November, 1899, and received his appointment as Assistant Postmaster October, 1903.

In the many responsible positions held, he was assiduous, conscientious and painstaking in the discharge of his duties, and held the esteem and confidence of his employers in an eminent degree.

He was a member of only one Order, the Redmen.

Mr. January was a devoted husband and a loving father, an obedient and affectionate son and a kind and considerate brother.

Willson was a manly man and stood high in the community as one of its best and most respected citizens.

Besides a son, James Andrews January, he leaves to mourn his departure a mother, two sisters and a brother.

The funeral, under the auspices of Wyandotte Tribe No. 3, I. O. R. M., will occur at the residence at 3 o'clock tomorrow afternoon, with religious services by the Rev. Dr. John Barbour.

The interment will be on the family lot in the Maysville Cemetery.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

L. Z. LEITER died in Washington City a few days ago; and the account says he left \$18,000,000. There are some people in Maysville, while not worth quite so much, act as though they intended to take theirs with them.

WHEN the extension now planned for the Nation's Capitol at Washington has been made, the edifice, including the works of art which it contains, will have cost nearly \$20,000,000. In 1790 the first building lot on which the Capitol stands cost \$500. The cornerstone was laid September 8th, 1793, with a speech by President WASHINGTON, a military procession and a barbecue.

Those Democrats who assert that Mr. ROOSEVELT is in "cahoots" with the Trusts, and that they will aid in his election—a condition which the "Dummies" do greatly deplore—will, of course, resent this bit of information from The Wall Street Journal—

"Those who are anxious to bring about the nomination of the former Democratic President assert that, with Mr. CLEVELAND as its standard bearer, the Democratic party would have little difficulty in raising the funds needed for the conduct of the campaign.

"Eight years ago, when for a brief period the election of McKINLEY seemed in doubt, they claimed that a leading railway capitalist came to Wall street and in three days time raised \$3,000,000 for the Republican National Committee.

"If Mr. CLEVELAND were the nominee of the Democratic party this year, this particular capitalist would provide sinews of war to defeat Mr. ROOSEVELT."

THE funny man of The Commercial Tribune says CARRIE NATION is going to Europe, and if the Moroccan authorities want something to make RABOULY take to the woods now is their opportunity.

DR. BENJAMIN LEE of Philadelphia has compiled a statement of the number of Fourth of July casualties due to the toy pistol. The total number of injuries from all explosives on the Fourth of July, 1903, was 4,349. Of that number 406 died from lockjaw caused by the toy pistol. Ten were made totally blind, 75 lost one eye, 174 lost fingers and 54 lost arms or legs. The toy pistol of 1904 is no less deadly than the toy pistol of 1903, and the man or the boy of 1904 not more careful of results than the man or boy of last year.

Political Pickings

THREE MONUMENTS.

Louisville Evening Post.

Henry Clay was once a distinguished citizen of Kentucky, well known, indeed, to the whole country.

After his death his fellow citizens, believing his public career to be worthy of emulation, erected a monument to his memory. Some time ago it was partially destroyed by lightning, and the lamented Legislature was asked to appropriate \$6,000 for its restoration. The suggestion was received with no favor, and the bill failed.

Zachary Taylor, born in Kentucky, was a distinguished soldier and once President of the United States. He is buried in a family burying ground near Louisville. Twenty years ago his neglected grave was marked by a monument which now needs repairs. The Legislature passed a bill appropriating \$400 to repair the monument and \$100 annually to care for the grave.

That measure was on the Governor's table when the Legislature adjourned, and, last week, the Governor refused to sign it because he did not believe it to be a just charge on the Treasury.

Mr. Goebel, the author of the Goebel Bill, and a defeated candidate for Governor, was basely assassinated at Frankfort. His admirers raised \$15,000 to mark his grave in the Frankfort Cemetery.

The recent Legislature determined further to honor Mr. Goebel, and appropriated \$20,000 to erect a second monument in the Statehouse yard. This bill the Governor signed, and the state that refuses to pay any regard to the memory of Henry Clay or to the memory of Zachary Taylor would perpetuate forever the name of the author of the Goebel election law. "Sic transit gloria mundi."

Mr. Homer W. Carpenter represented Kentucky University yesterday in the Southern Oratorical contest at the Lexington Chautauqua. Three years ago the contest was won by the Rev. R. E. Moss, representing the University.

The Rev. George P. Taubman of Portsmouth, formerly of Mayslick, reached his thirty-fifth birthday Thursday, and was presented with a fine oak library table with Welch lighting attachments by the members of his congregation.

Other medicines only gave relief. After taking FOLEY'S KIDNEY CURE the result was surprising. A few doses started the brick dust, like fine stones, etc., and now I have no pain across my kidneys and I feel like a new man. FOLEY'S KIDNEY CURE has done me \$1,000 worth of good."

## INSPECTING THE STREETS

Members of Maysville City Council Shown About Lexington

Lexington Leader.

The city of Maysville, like all other progressive municipalities, is interested in the question of better streets. So much has been said about Lexington's oiled streets and Fayette county's oiled roads, that the City Council of Maysville appointed a committee to come here, examine our streets and roads, and report their observations.

This committee, consisting of Messrs. J. W. Eitel, Chairman; G. W. Crowell and R. Ficklin, of the City Council, and Street Superintendent Benjamin Smith, arrived here Thursday and were shown over the streets and roads by Major Bullock and Ernest Ellis, Secretary of the Home Construction Company.

The Committee carefully inspected a number of the streets and then drove out on several of the county roads, to examine their construction and compare the new with the old. They returned highly pleased with all they saw and will, on their return home, recommend that the streets of Maysville, all of which are constructed of macadam, be oiled. They will also recommend that the county roads also be oiled.

Mr. Eitel, under whose practical management the streets of Maysville are, said: "These are the finest oiled streets I ever saw, and I must say that what I have seen here in Lexington and Fayette county convinces me that oil is the thing for streets and roads. I don't know that I could state the matter plainer. This covers the whole question." The Committee goes to Paris tonight.

Monday is Mason County Court Day.

The regular monthly meeting of the City Council will be held Monday evening.

Dr. Louis Knoedler of Augusta has purchased a drugstore at Elgin, Ill., and will locate in that city.

The series of meetings conducted by Dr. Buckner at the Augusta Christian Church closed with fifteen additions.

I say this, not only from my own experience, but also from that of several others who have received the greatest benefit from the treatment. I suffered from pain in my back, a disturbed condition of the kidney secretions and symptoms of an inflamed condition of the bladder. Procuring Doan's Kidney Pills from J. Jns. Wood & Son's Drugstore, corner of West Second and Market streets, they gave me quick and effective relief."

A CONTINUAL STRAIN.  
Many men and women are constantly subjected to what they commonly term "a continual strain" because of some financial or family trouble. It wears and distresses them both mentally and physically, affecting their nerves bodily and bringing on liver and kidney ailments, with the attendant evils of constipation, loss of appetite, sleeplessness, low vitality and despondency. They cannot, as a rule, get rid of this "continual strain," but they can remedy its health-destroying effects by taking frequent doses of Green's August Flower. It tones up the liver, stimulates the kidneys, insures healthy bodily functions, gives vim and spirit to one's whole being, and eventually dispels the physical or mental distress caused by that "continual strain." Trial bottle of August Flower, 25c; regular size, 75c. Sold by Henry W. Ray, Post-office Drugist.

## Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood. It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of Swamp-Root, by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Thomas Finn, the diamond thief has been returned to his old quarters in the County Jail.

The statement of the old reliable Bank of Maysville shows a surplus fund of \$25,000 and individual deposits of \$580,145.98.

Mrs. Retta Poage, widow of Judge William Poage, was quite severely bruised about the head and hips in a runaway at Ashland.

R. T. Lauderback of Flemingsburg, who was arrested at Portsmouth charged with passing bogus checks, claims to have been doing business with the Bank on which the checks were drawn and that he did not know his account was overdrawn. This will be his defense.

Some good farms yet for sale. JOHN DULEY.
